Updated Other Contaminant

Notes:

1/29/2015 at 13:30, on location. Spray visible to the southeast on to a tilled field, extending from the tank battery to the telephone poles along 59th Street, a distance of more than 500 feet. Area reported as impacted appears to be underestimated. Frozen over water in ditch of 59th Street. Electrical conductivity readings taken to ascertain any salt impact with the oil. Ditch water ~300 uS. Soil reading in field: 3"= ~800 uS, 6"=~1000 uS. Called report contact twice but got busy signal both times. Will call again later today.

Date: 2/4/2015 Status: Correspondence Author: Martin, Russell

Updated Oil Volume:

Updated Salt Water Volume:

Updated Other Volume:

Updated Other Contaminant

Notes:

Phone call with report contact. Amendment being applied to impacted soil. Landowner has been notified and agrees with methods being used.
